# PATIENT AUTHORIZATION FORM (“AUTHORIZATION”)

By signing below, I give permission for each of my “Healthcare Providers” (eg, my physicians, pharmacists, specialty pharmacies, other healthcare providers, and their staff) and “Insurers” (eg, my health insurance plans) to share my Protected Health Information (“PHI”) as described under J&J’s support programs. My PHI includes any and all information related to my medical condition, treatment, prescriptions, health insurance coverage, and other information contained in the Patient Enrollment Form. I agree that the following entities are permitted to receive, use, and share my PHI:

- Johnson & Johnson Health Care Systems Inc., its affiliated companies, including Patient Service Center LLC, agents, and representatives (collectively “J&J”); and
- Providers of other sources of funding (including foundations and co-pay assistance providers), service providers for J&J’s support programs (including subcontractors or healthcare providers helping J&J run the program), and service providers maintaining, transmitting, de-identifying, aggregating, or analyzing data from J&J’s support programs (collectively, “Service Providers”);
- Pharmacies involved in my care; and Insurers

Also, I give permission to J&J, the Service Providers, my Healthcare Providers, and my Insurers to receive, use, and share my PHI in order to:

- see if I qualify for, sign me up for, contact me about, and provide services relating to J&J’s patient support programs, including in-home services
- communicate with my Healthcare Providers regarding access to, reimbursement for, and fulfillment of my J&J medicine, and to tell my Healthcare Provider that I am participating in a support program from J&J
- verify, assist with, and coordinate my coverage for my J&J medicine with my Insurers and Healthcare Providers
- coordinate prescription or treatment location and associated scheduling
- conduct analysis to help J&J evaluate, create, and improve its products, services, and customer support for patients prescribed J&J medicines

- share and give access to information created by J&J’s patient support programs that may be useful for my care
- communicate with me by telephone, text message, or email regarding J&J’s support programs or other J&J medicines, products, or services for the purposes set forth in the Patient Enrollment Form

I understand that J&J and the Service Providers will use reasonable efforts to keep my information private but once my PHI is disclosed as allowed on this Authorization, it may no longer be protected by federal privacy laws. I understand that I am not required to sign this Authorization. My choice about whether to sign will not change how my Healthcare Providers or Insurers treat me. If I do not sign this Authorization, or cancel or remove my permission later, I understand I will not be able to participate in or receive assistance from certain J&J support programs. I understand that pharmacies that dispense and ship my medicine and service providers for J&J’s support programs may be paid by J&J for their services and data. This may include payment for sharing PHI and other data in connection with this program, as allowed on this Authorization.

I understand I may request a copy of this Authorization. This Authorization will remain in effect 10 years from the date of signature, except where state law requires a shorter time, or until I am no longer participating in J&J’s support programs. Information collected before that date may continue to be used for the purposes set forth in this Authorization. I understand that I may cancel the permissions given by this Authorization at any time by letting J&J know in writing at: Johnson & Johnson, PO Box 15510, Pittsburgh, PA 15244. I can also cancel my permission by letting my Healthcare Providers and Insurers know in writing that I do not want them to share any information with J&J. I further understand that if I cancel my permission it will not affect how J&J uses and shares my PHI received by J&J prior to my cancellation.

My signature below certifies that I have read, understood, and agreed to the release of my protected health information pursuant to this Authorization.
