

# CUSTOM FACIALS

Procedure	Price
<p><b>Acne Facial</b></p> <p>This facial is specifically designed to treat active acne. We will use medical grade products to deeply cleanse and exfoliate, followed by extended extractions and a clarifying mask.</p> <p>Tip: Add on the Blue LED Light Therapy to your facial to help with clearing your acne (additional \$45)</p>	\$119
<p><b>Advanced Anti-Aging Facial</b></p> <p>This powerful facial is designed to give you INSTANT results! After a double cleanse and exfoliation, Carboxy Therapy is performed to promote oxygen production that helps with sagging and swollen skin, and provides the skin with overall rejuvenation. Then, we apply the V-Tox mask, which lifts, tightens, and firms the skin. Top it all off with medical grade serums, moisturizer and SPF to leave you glowing and youthful!</p> <p>A series of 3 treatments is recommended for long term results. However, you will have noticeable improvement after one treatment.</p> <p>Pro Tip: Add on the Threadfill serum to see a visible reduction in wrinkles! Don't want to do fillers with needles? No problem! This is the next best thing!</p>	\$199
<p><b>Carboxy Therapy Facial</b></p> <p>Carboxy Therapy has proven to reduce fat, swelling, and slim down the contours of your face. It also helps with hyperpigmentation, acne and dermatitis.</p> <p>It does this by applying a gel that produces CO<sub>2</sub>, which promotes oxygen production from deep within the layers of your skin. This oxygen will make its way to the surface of your skin, leaving you with a brighter and youthful complexion.</p>	\$149
<p><b>Custom Facial</b></p> <p>Not sure what you're looking for? Let us help you! Select this service and leave the rest to us. We will recommend a customized regime specifically designed for your skin type.</p>	Starting at \$129
